

Lab Test (Group-Based Assessment)

1. Create a **TestLink Project** and add a **test case** for a sample scenario of your choice.
2. Export the test case.
3. Import the exported test case and create a new version of it (E.g.: version 2).
4. Set one of the test cases created above as “*passed*” and the other as “*failed*”.
5. Generate the test plan metrics report.
